

**WRIA 8 STEERING COMMITTEE**  
***PROPOSED CHINOOK SALMON CONSERVATION PLAN***

**VOLUME III**

**February 25, 2005**

## TABLE OF CONTENTS FOR VOLUME III

### Quick Road Map for the Plan

<b>Appendix A</b>	<b>Key Decisions from Steering Committee Work Sessions</b>	<b>A-1</b>
	Key Decisions from Steering Committee Work Session #1	A-1
	Key Decisions from Steering Committee Work Session #2	A-4
	Key Decisions from Steering Committee Work Session #3	A-6
	Key Decisions from Steering Committee Work Session #4	A-9
	Key Decisions from Steering Committee Work Session #5	A-12
	Key Decisions from Steering Committee Work Session #6	A-17
	Key Decisions from Steering Committee Work Session #7	A-20
	Key Decisions from Steering Committee Work Session #8	A-23
	Key Decisions from Steering Committee Work Session # 9	A-26
	Key Decisions from Steering Committee Work Session #10	A-37
	Summary of public comments and responses	A-52
<b>Appendix B</b>	<b>Case Studies from Other Watersheds</b>	<b>B-1</b>
	WRIA 8 Adaptive Management Work Group DRAFT Watershed Case Studies	B-1
	Organizational Structure	B-1
	Commitments	B-2
	Funding plan implementation	B-3
	Adaptive management and measures of success	B-4
	Why watershed efforts fail	B-4
	Selected Bibliography	B-6
<b>Appendix C</b>	<b>Technical Appendix</b>	<b>C-1</b>
	Use of the VSP Concept in WRIA 8 Salmonid Conservation Planning	C-1
	Watershed Evaluation and Identification of Chinook Salmon Tier 1, 2, and 3 Subbasins Supporting Salmon Conservation Planning in WRIA 8	C-2
	WRIA 8 Ecosystem Diagnosis and Treatment (EDT) Modeling	C-3
	WRIA 8 EDT Customization: Derivation of EDT Rules and Habitat Information for Large Lakes, Hiram M. Chittenden Locks, and Estuarine/Nearshore Marine Areas	C-4
	WRIA 8 Habitat and Hatchery Scenarios: Potential Implications of Alternative Population Structures for Chinook Conservation and Recovery in WRIA 8	C-5
	WRIA 8 Ecosystem Diagnosis and Treatment (EDT) Habitat Model Stream Reach Description for Chinook Tier 1 and 2 Subareas	C-6
<b>Appendix D</b>	<b>Appendix for Chapter 5: Actions and Chapter 9: Start-list</b>	<b>D-1</b>
	Part 1: Criteria to Develop the Actions Lists in the WRIA 8 Draft Chinook Plan	D-1
	Part 2: Process and Criteria for Identifying and Prioritizing Potential Site-Specific Projects	D-3
	Part 3: Preliminary Cost Estimates for WRIA 8's Action Start-list – Methodology	D-3
	“Ballpark” Cost Estimates for Cedar River Population	D-2
	“Ballpark” Cost Estimates for North Lake Washington Population	D-2
	“Ballpark” Cost Estimates for Issaquah Creek Population	D-2
	“Ballpark” Cost Estimates for Migratory Areas	D-2

Part 4: King/Snohomish Co. 20-year Population Estimates	D-14
Part 5/6: Introduction to Menu and References	D-16
Part 5: Menu of Land Use Actions	D-18
Part 6: References for Land Use Actions	D-25

<b>Appendix E</b>	<b>Assurances Available Under the Endangered Species Act</b>	<b>E-1</b>
-------------------	--	------------

Assurances Available Under the Endangered Species Act	E-1
